PROFESSIONAL SUMMARY

WordPress Developer and Project Manager with experience in building dynamic, responsive, and SEO-optimized websites using Elementor, Crocoblock, and ACF. Skilled in managing end-to-end web projects, coordinating cross-functional teams, communicating with clients, improving performance, and delivering high-quality digital solutions efficiently.

WORK EXPERIENCE

Project Manager – PT Niaga Tekno Asia (Octobees) (2025 – Present)

- Lead digital projects from planning to launch, ensuring deliverables meet client requirements and quality standards.
- Coordinate teams, manage timelines, and maintain consistent communication with stakeholders.
- Oversee workflows, documentation, and project execution to ensure timely and efficient delivery.

Freelance WordPress Developer – PT Cerise Indonesia (2022 – Present)

- Build and maintain WordPress websites using Elementor, Crocoblock, ACF, and dynamic content integrations.
- Implement on-page SEO, optimize performance, and handle ongoing maintenance and updates.
- Provide user training and documentation for clients to manage their platforms independently.

IT Support – PT Muda Jaya Sukses (2019 – 2021)

- Provide hardware and software troubleshooting, both onsite and remote.
- Manage installation, configuration, and maintenance of devices and network systems.
- Perform system updates, analyze technical issues, and create internal design content.

Sales Admin – PT Softex Indonesia (2015 – 2017)

- Prepare and monitor sales reports, assist budgeting and forecasting activities.
- Support sales team performance through data analysis and competitor research.
- Present insights and recommendations for management decision-making.
